Classical work of 9m city bus
— XMQ6900J

01
02

* Appearance

XMQ6900J is a new updated vehicle type. It is one of the main buses of Kinglong which has acquired WVTA vehicle certification. Its upright and foursquare shape well matches with smooth line, and the simple style is to the taste of European. The reasonable compact space goes with elegant interior trimming, emergency exit and specially designed seats for disabled; all of these build a comfortable and safe environment for passengers. The vehicle is also equipped with ON-BOARD central monitoring system. With low entry design which is stable and safe, body automatic lifting device features special "side tilt" function, making it convenient for passengers' boarding and alighting of the bus. The elaborated forging in every link of the vehicle will certainly make a great coup in Europe market.

>> Headlight modeling is fashionable.

>> Upright and foursquare shape matched with taillight makes the whole vehicle eye-catching.

>> Spanish FAINSA seats is fashionable in modeling, comfortable and safe.

>> Soft backrest, able to secure wheel chair, anti-collision, foldable seats available for passengers when there are no disabled passengers using the area.

>> LED electric screen with STOP reporting function is matched with interior monitoring camera, and roof escape window.

>> Large space of luggage area makes your trip easy. It is also equipped with stop ring, making passengers convenient for getting off.

>> Top grade privacy glass is equipped with two in saving side windows in every side, and emergency hammer ready for any type of scenario.
